“ My sincere sympathy to the children,etc. of my first cousin Lois. Unfortunately, due to family members we were never together a lot. However, I remember the times we did see one another and they are fond memories. Once you married and moved away I lost track of you. So, after so many years I only saw you at Leona’s viewing. I understand the hard feelings forged between the sisters, but I cannot and will not take the blame for what went on between them. Unfortunately, I have received hurtful conversations with Lillian and I am sorry she has such feelings about me. Please accept apologies for what my mother did and the upsets she caused, but I have no idea what all went on as I moved after marriage also. I had as little contact with her as possible due to doctors orders. Lois was my favorite of the Meyer children. May you have fond memories of your mother and the love she had for her family. “ I will miss you my friend. You were quite the woman. Head strong and kind(but don't let too many people know that). We had some good times together. Glad you are at peace.
