“ I loved that woman! She was always happy to see you, hug you, and ask how my girls were. The most marvelous laugh, wonderful smile, and twinkling eyes full of good humor would light up your whole day. She was a great lady and she will be missed by all her family and friends. My sympathy to the family.

“ I spent lots of time at her house with Connie. One Saturday we were playing in the basement and were climbing over all the furniture (to stay off the lava on the floor), she caught us and let us know we were in trouble. She didn't scold me any less than Connie, loved that about her...I felt like I was part of the family. She took me with her to Bingo a few times when I was younger as well, she bought the cards and let me play one. I won! She let me keep all the money, which I tried to give back because she bought the card. She wouldn't hear of it. She always had a smile and a story when we would see each other.....I will miss her!
